

Health and Recovery Services Administration (HRSA)

Oxygen Program **Billing Instructions** **ProviderOne Readiness Edition**

[Chapter 388-552 WAC]

About This Publication

This publication supersedes all previous Department/HRSA *Oxygen Program Billing Instructions* published by the Health and Recovery Services Administration, Washington State Department of Social and Health Services.

Note: The Department now reissues the entire billing manual when making updates, rather than just a page or section. The effective date and revision history are now at the front of the manual. This makes it easier to find the effective date and version history of the manual.

Effective Date

The effective date of this publication is: **05/09/2010**.

2010 Revision History

This publication has been revised by:

Important Contacts

Note: This section contains important contact information relevant to the Oxygen Program. For more contact information, see the Department/HRSA *Resources Available* web page at:
http://hrsa.dshs.wa.gov/Download/Resources_Available.html

Topic	Contact Information
Becoming a provider or submitting a change of address or ownership	See the Department/HRSA <i>Resources Available</i> web page at: http://hrsa.dshs.wa.gov/Download/Resources_Available.html
Finding out about payments, denials, claims processing, or Department managed care organizations	
Electronic or paper billing	
Finding the Department documents (e.g., billing instructions, # memos, fee schedules)	
Private insurance or third-party liability, other than Department managed care	
How do I obtain prior authorization or a limitation extension?	For all requests for prior authorization or limitation extensions, the following documentation is “required:” <ul style="list-style-type: none"> • A completed, TYPED ProviderOne request form, DSHS 13-835. This request form MUST be the initial page when you submit your request. • A completed Oxygen and Respiratory Limitation Extension Request Form, DSHS 15-298, and all the documentation listed on this form and any other medical justification. Fax your request to: 1-866-668-1214. See the Department/HRSA <i>Resources Available</i> web page at: http://hrsa.dshs.wa.gov/Download/Resources_Available.html

Definitions & Abbreviations

This section defines terms and abbreviations, including acronyms, used in these billing instructions. Please refer to the Department/HRSA *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for a more complete list of definitions.

Compressor - A pump driven appliance which mechanically condenses atmospheric air into a smaller volume under pressure. In oxygen therapy, it is used to forcefully nebulize liquid solutions or emulsions into a vapor state, or mist for inhalation.

Concentrator - A device which increases the concentration of oxygen from the air.

Maximum Allowable - The maximum dollar amount for which a provider may be reimbursed by the Department for specific services, supplies, or equipment. [WAC 388-552-005]

Medical Identification card(s) – See *Services Card*.

National Provider Identifier (NPI) – A federal system for uniquely identifying all providers of health care services, supplies, and equipment.

Oxygen - USP medical grade liquid oxygen or compressed gas. [WAC 388-552-005]

Oxygen System - All equipment necessary to provide oxygen to a person. [WAC 388-552-005]

Portable Oxygen System - A small system that allows the client to be independent of the stationary system for several hours, thereby providing mobility outside of the residence. [WAC 388-552-005]

ProviderOne – Department of Social and Health Services' (the Department's) primary provider payment processing system.

ProviderOne Client ID- A system-assigned number that uniquely identifies a single client within the ProviderOne system; the number consists of nine numeric characters followed by WA.

For example: 123456789WA.

Respiratory Care Practitioner – A person certified by the Department of Health and employed in the treatment, management, diagnostic testing, rehabilitation, and care of patients with deficiencies and abnormalities which affect the cardiopulmonary system and associated aspects of other systems, and are under the direct order and qualified medical direction of a physician. (Refer to chapter 18.89 RCW and chapter 246-928 RCW)

Revised Code of Washington (RCW) - Washington State laws.

Services Card – A plastic “swipe” card that the Department issues to each client on a “one- time basis.” Providers have the option to acquire and use swipe card technology as one method to access up-to-date client eligibility information.

- The Services Card replaces the paper Medical Assistance ID Card that was mailed to clients on a monthly basis.
- The Services Card will be issued when ProviderOne becomes operational.
- The Services Card displays only the client’s name and ProviderOne Client ID number.
- The Services Card does not display the eligibility type, coverage dates, or managed care plans.
- The Services Card does not guarantee eligibility. Providers are responsible to verify client identification and complete an eligibility inquiry.

Stationary Oxygen System – Equipment designed to be used in one location, generally for the purpose of continuous use or frequent intermittent use.
[WAC 388-552-005]

Usual and Customary Fee - The rate that may be billed to the Department for a certain service or equipment. This rate may not exceed:

- The usual and customary charge that you bill the general public for the same services; or
- If the general public is not served, the rate normally offered to other contractors for the same services.

Ventilator - A device to provide breathing assistance to clients with neuromuscular diseases, thoracic restrictive diseases, or chronic respiratory failure consequent to chronic obstructive pulmonary disease. It includes both positive and negative pressure devices.

Oxygen Program

What Is the Purpose of the Oxygen Program?

[Refer to WAC 388-552-001 (1)(a)]

The purpose of this program is to provide medically necessary oxygen therapy equipment, services, and supplies to eligible Department of Social & Health Services (the Department) clients who:

- Reside at home; or
- Reside in a nursing facility; and
- Who are not enrolled in a managed care plan.

Who Should Use These Billing Instructions?

[Refer to WAC 388-552-001 (1)(b) and (2)]

Providers who furnish oxygen therapy equipment, supplies, and services to eligible, the Department fee-for-service clients should use these billing instructions. Instructions for clients with Medicare as their primary insurer are covered in Medicare's Durable Medical Equipment Regional Carrier (DMERC) Manual.

Client Eligibility

Who Is Eligible? [Refer to WAC 388-552-100 (1)]

All Department fee-for-service clients (e.g., CNP, MNP, and GAU) are eligible for oxygen therapy equipment, supplies, and services.

Please see the Department/HRSA *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for instructions on how to verify a client's eligibility.

Note: Refer to the *Scope of Healthcare Services Table* web page at: <http://hrsa.dshs.wa.gov/Download/ScopeofHealthcareSvcsTable.html> for an up-to-date listing of Benefit Service Packages.

Can Clients Enrolled in a Department Managed Care Plan Receive Oxygen Therapy Services? [Refer to WAC 388-552-100 (2)]

Oxygen therapy equipment and supplies are covered services under the client's managed care plan when the services are medically necessary.

When verifying eligibility using ProviderOne, if the client is enrolled in a Department managed care plan, managed care enrollment will be displayed on the Client Benefit Inquiry screen. All services must be requested directly through the client's Primary Care Provider (PCP). Clients can contact their managed care plan by calling the telephone number provided to them.

All medical services covered under a managed care plan must be obtained by the client through designated facilities or providers. The managed care plan is responsible for:

- Payment of covered services; and
- Payment of services referred by a provider participating with the plan to an outside provider.

Note: To prevent billing denials, please check the client's eligibility prior to scheduling services and at the **time of the service** and make sure proper authorization or referral is obtained from the plan. See the Department/HRSA *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for instructions on how to verify a client's eligibility.

Provider Requirements

What Is my Responsibility as an Oxygen Provider?

[Refer to WAC 388-552-200]

As an oxygen provider, it is your responsibility to:

- Work within your designated scope of practice as outlined in current WAC and RCW.
- Verify the client's eligibility in Provider one prior to providing services. If ProviderOne indicates the client is enrolled in a managed care plan, contact their managed care plan for all coverage conditions and limits on services.
- Verify that the client's original prescription is signed and dated by an authorized prescriber no more than 90 days prior to the initial date of service. The documentation must include, at a minimum:
 - ✓ The client's medical diagnosis, prognosis, and documentation of the medical necessity for oxygen therapy, equipment, supplies, and/or services, and any modifications.
 - ✓ If oxygen is prescribed:
 - Flow rate of oxygen (e.g., 2 liters per minute).
 - Frequency and duration of oxygen use (e.g., 10 minutes per hour).
 - Lab values or oxygen saturation measurements upon client's discharge from the hospital: arterial blood gases without oxygen and/or oxygen saturation levels.
 - Estimated duration of need.
- Make regular deliveries of medically necessary oxygen to the client's nursing facility or private residence.
- Provide instructions to the client and/or caregiver on the safe and proper use of equipment provided.
- Maintain all rental equipment in good working condition on a continuous (24-hour, seven-days-a-week) basis.
- Provide a minimum warranty period of one year for all client-owned medical equipment (excluding disposable/non-reusable supplies).

- **Keep a copy of all warranties in your files and provide them to the Department upon request.** If the warranty expires, information must include the date of purchase and the warranty period.
- Bill the Department your usual and customary fee for clients not in managed care and residing at home or in a nursing facility.

What Do I Need to Do to Renew an Oxygen Prescription? [WAC 388-552-220]

Oxygen providers must:

- Obtain a renewed prescription every six months if the client's condition warrants continued service; and
- Verify, at least every six months, that oxygen saturations or lab values substantiate the need for continued oxygen use for each client. The provider may perform the oxygen saturation measurements. **The Department does not accept lifetime certificates of medical need (CMNs).**

Notifying Clients of Their Right to Make Their Own Health Care Decisions

All Medicare-Medicaid certified hospitals, nursing facilities, home health agencies, personal care service agencies, hospices, and managed health care organizations are federally mandated to give **all adult clients** written information about their rights, under state law, to make their own health care decisions.

Clients have the right to:

- Accept or refuse medical treatment;
- Make decisions concerning their own medical care; and
- Formulate an advance directive, such as a living will or durable power of attorney, for their health care.

How the Department's Requirements Differ from Medicare's

The Department's policies on oxygen equipment, services, and supplies are consistent with Medicare's **with the following exceptions.**

Oxygen and Oxygen Equipment

The Department:

- Covers chronic and continuous use of medically necessary oxygen therapy equipment and supplies for eligible clients who reside in nursing facilities.
- Does not recognize lifetime CMNs for clients who are Medicare/Medicaid eligible and for whom Medicare has denied or stopped oxygen benefits.
- Requires logs of oxygen saturations or lab values to substantiate medical necessity for continuous oxygen use at least every six months for all clients.
- Covers oxygen for clients 18 years of age or older with $\text{SaO}_2 \leq 88\%$ or $\text{PaO}_2 \leq 55\text{mm}$ on room air and when prescribed by a physician.
- Covers oxygen for clients 17 years of age or younger to maintain the level of SaO_2 at:
 - ✓ 92%, or
 - ✓ 94% in a child with cor pulmonale or pulmonary hypertension.
- Covers respiratory care practitioners and ventilation therapist services in the client's home. Ventilation Therapist services are included in the nursing facility per diem for eligible clients residing in nursing facilities.
- Allows the provider of the respiratory services to measure oximetry readings for every six-month's renewal.
- Pays for six-month maintenance/service checks **only** on client-owned ventilators.
- Does not pay for six-month maintenance/service checks unless the service is actually provided.

Continuous Positive Airway Pressure (CPAP) System

[Refer to WAC 388-552-320]

- Allows the rental of a CPAP system for an initial two-month period.
- Requires the provider to convert CPAP rentals to a purchase when, at the end of the initial two-month rental period, the attending physician determines that:
 - ✓ The client's apnea is chronic; and
 - ✓ The CPAP is the least costly, most effective treatment modality.

Suction Pumps/Supplies [WAC 388-552-360]

- Covers suction pumps and supplies when medically necessary for deep oral or tracheostomy suctioning.
- May cover one stationary and one portable suction pump for the same client if warranted by the client's condition. The provider and attending physician must document that either:
 - ✓ [The] travel distance or potential weather conditions could reasonably be expected to interfere with the delivery of medically necessary replacement equipment; or
 - ✓ The client requires suctioning while away from the client's place of residence.

Tracheostomy Care Supplies

- Covers tracheostomy holders, neckbands, and ties.
- See the *Fee Schedule* for limitations of items in this section.
- Reimburses for gloves, sterile water, suction instruments, etc., when billed by Durable Medical Equipment (DME) providers and pharmacists. To become a DME or pharmacy provider, see the *Important Contacts* section.

Coverage

Stationary Oxygen Systems

What is covered?

- The Department covers **one** payment for stationary oxygen systems, **per month**. The Department considers all of the following as stationary oxygen systems:
 - ✓ Stationary;
 - ✓ Compressed gaseous;
 - ✓ Stationary liquid; or
 - ✓ A concentrator.
- Regardless of how many stationary oxygen systems are required to ensure the client's oxygen needs are met, the Department considers one monthly fee as payment in full.

Portable Oxygen Systems

What is covered?

- The Department covers **one** payment for portable oxygen systems, **per month**. The Department considers both portable gaseous and portable liquid as portable oxygen systems.
- Regardless of how many portable oxygen systems are required to ensure the client's oxygen needs are met. The Department considers this one monthly fee as payment in full.

Stationary Oxygen Contents

What is covered?

The Department covers a maximum of **one** payment for stationary oxygen contents, **per month**, when the client owns both the stationary and portable oxygen systems.

Portable Oxygen Contents

What is covered?

The Department covers a maximum of **one** payment for portable oxygen contents, **per month**, when one of the following is true:

- The client owns a concentrator and owns or rents the portable system; or
- The client uses only a portable oxygen system.

Continuous Positive Airway Pressure (CPAP) and Supplies

What is covered? [WAC 388-552-320 (1)(2)]

The Department covers the **rental** and/or purchase of medically necessary CPAP equipment and related accessories when **all** of the following apply:

- The results of a prior sleep study [polysomnogram] indicate the client has sleep apnea;
- The client's attending physician determines that the client's sleep apnea is chronic;
- CPAP is the least costly, most effective treatment modality;
- The item is FDA-approved; and
- The item requested is not included in any other reimbursement methodology such as, but not limited to, diagnosis-related group (DRG).

The Department covers the rental of CPAP equipment for a maximum of two months. Thereafter, if the client's primary physician determines the equipment is tolerated and beneficial to the client, the Department will purchase it.

CPAP Accessories and Services that are NOT covered:

The Department does NOT cover accessories/services not specifically identified in this document.

Ventilator Therapy, Equipment, and Supplies

What is covered? [Refer to WAC 388-552-330 and WAC 388-552-350]

The Department covers medically necessary ventilator equipment rental and related disposable supplies when **all** of the following apply:

- There is a prescription for the ventilator;
- The ventilator is to be used exclusively by the client for whom it is requested;
- The ventilator is FDA-approved; and
- The item requested is not included in any other reimbursement methodology such as, but not limited to, diagnosis-related group (DRG). Prescribed medically necessary accessories (such as humidifiers, nebulizers, alarms, temperature probes, adapters, connectors, fittings, and tubing) are included in the monthly rental payments.

The Department covers a secondary (back-up) ventilator at 50% of the monthly rental, if medically necessary.

Note: You **must** use modifier “U2” when submitting a claim for a second ventilator, for the same client, for the same rental period.

The Department covers the purchase of the following durable accessories for client-owned ventilator systems:

- Battery charger, replacement;
- Heavy-duty battery replacement;
- Battery cables, replacement;
- Nasal cannula or mask;
- Tubing;
- Breathing circuits; and
- Variable concentration masks.

The Department covers and requires at least one maintenance/service visit every six months for client-owned ventilators.

Note: Use modifier “MS” to bill the Department for maintenance/service visits.

The Department covers ventilator therapy services when they are prescribed, medically necessary, and provided by a certified respiratory care practitioner.

What is not covered? [Refer to WAC 388-552-350 (3)]

The Department does not reimburse separately for ventilator therapy services provided to clients residing in nursing facilities. This service is included in the nursing facility's per diem.

Infant Apnea Monitor Program

Who may provide Infant Apnea Monitors? [Refer to WAC 388-552-230 (1)]

Oxygen providers that have a respiratory care practitioner or registered nurse with expertise in pediatric respiratory care directing their apnea monitor program may provide these monitors.

Additional Responsibilities of Infant Apnea Monitor Providers

[Refer to WAC 388-552-230 (2)(3)]

Infant Apnea Monitor providers must:

Have a neonatologist's confirming assessment and recommendation as a second opinion in the client's file unless the client's diagnosis is:

- Apnea of prematurity;
- Primary apnea (e.g., ventilator-dependent infant);
- Obstructed airway; or
- Congenital conditions associated with apnea (e.g., cardioarrhythmia); and

Keep all of the following in the client's file:

- The prescribing physician's prescription;
- Documentation supporting the medical necessity for apnea monitoring;
- The estimated length of time an apnea monitor will be needed; and
- Regardless of diagnosis, a neonatologist's written clinical evaluation justifying each subsequent rental period.

Note: Enter the prescribing physician's National Provider Identifier (NPI) in field 17a on the CMS-1500 Claim Form when billing the Department.

What is covered? [WAC 388-552-340]

The Department covers infant apnea monitors on a rental basis.

- **The initial rental period must not exceed six months.**
- The Department includes all home visits for equipment setup, follow-up calls, and training in the rental allowance.
- Respiratory Therapy

Scope of Practice [Refer to RCW 18.89.040]

The scope of practice of respiratory care includes, but is not limited to:

- The use and administration of medical gases, exclusive of general anesthesia;
- The use of air and oxygen administering apparatus;
- The use of humidification and aerosols;
- The administration of prescribed pharmacologic agents related to respiratory care;
- The use of mechanical or physiological ventilatory support;
- Postural drainage, chest percussion, and vibration;
- Bronchopulmonary hygiene;
- Cardiopulmonary resuscitation as it pertains to establishing airways and external cardiac compression;
- The maintenance of natural and artificial airways and insertion, without cutting tissues, of artificial airways, as ordered by the attending physician;
- Diagnostic and monitoring techniques such as the measurement of cardiorespiratory volumes, pressures, and flows; and
- The drawing and analyzing of arterial, capillary, and mixed venous blood specimens as ordered by the attending physician or an advanced registered nurse practitioner as authorized by the board of nursing under RCW 18.88.[1987 c 415 S 5.]

In addition, the Department expects respiratory therapists to include the following in their visits:

- Evaluation of equipment settings for appropriateness in meeting the client's present needs and safety in the client's immediate home environment;
- Checks of equipment and assurance that the equipment settings continue to meet the client's needs; and
- Communications of concerns or recommendations to the client's physician.

What is covered? [Refer to WAC 388-552-350 (1)(2)]

The Department covers prescribed medically necessary respiratory therapy services in the home.

The following professional respiratory therapy services must be provided by a certified respiratory care practitioner:

- Initial home visit-patient intake and evaluation;
- Subsequent home visits, including oximetry services; and
- Professional visit for the administration of aerosolized medications.

What is not covered? [Refer to WAC 388-552-350 (3)]

The Department does not reimburse separately for respiratory therapy services provided to clients residing in nursing facilities. These services are included in the nursing facility per diem rate.

Repairs

What is covered?

The Department covers the repair of client-owned non-disposable equipment after the expiration of the warranty period.

What is not covered? [Refer to WAC 388-552-410(2)(c)]

The Department does not cover repairs (including materials and labor) of:

- Equipment or parts under warranty. This includes equipment that was rented and subsequently considered client-owned by the Department;
- Rented equipment; or
- Equipment, when there is evidence of malicious damage, culpable neglect, or wrongful disposition. The Department will not replace such equipment.

How do I get reimbursed for repairs?

Bill the Department using the repair code along with the appropriate units. Keep the following on file and accessible to the Department upon request:

- Actual repair costs;
- Statement of warranty coverage; and
- Date of purchase.

The Department does not reimburse separately for:

- Telephone calls;
- Mileage; or
- Travel time.

These services are included in the reimbursement for other equipment and/or services. [Refer to WAC 388-552-400(2)]

Miscellaneous Oxygen-Related Durable Medical Equipment (DME)

Does the Department cover oxygen-related DME not specifically addressed in the Fee Schedule?

Yes, the Department covers some oxygen-related DME with prior authorization. When a claim is submitted for miscellaneous oxygen-related DME, a fax with supporting documentation must be sent to the Department (see **Important Contacts**).

For requests, use the Oxygen and Respiratory Authorization form, DSHS 15-298.

To **view and download** Department forms, visit the Department's Forms and Records Management Service on the web: <http://www1.dshs.wa.gov/msa/forms/eforms.html>.

Oxygen Coverage Table

Do Not Bill With: Any procedure code listed in the “Do Not Bill With” column of the fee schedule is **AT NO TIME** allowed in combination with the primary code located in the “HCPCS Code” column.

Maximum Allowance: Rentals are calculated on a 30-day basis unless otherwise indicated. In those instances where rental is required prior to purchase, the rental price is applied towards the purchase price.

Rentals: From and to dates are required on all rental billings.

Apnea Monitor and Supplies

Code Status Indicator	HCPCS Code	Modifier	Description	Do Not Bill With	EPA/PA?	Policy/Comments
#	E0618		Apnea monitor, without recording feature.			
	E0619	RR	Apnea monitor, with recording feature.		Y	Maximum of six months rental allowed per lifetime. Prior authorization required after the initial 6 months.
	A4556	NU	Electrodes (e.g., Apnea monitor), per pair.	A4558		Purchase only. For use only when client is unable to tolerate carbon patch electrodes. Limit: 15 every 30 days.
#	A4557		Lead Wires, e.g. apnea monitor per pair			
	A4558	NU	Conductive paste or gel.	A4556		Purchase only.

P	E0470	RR NU RA	Respiratory assist device, bi-level pressure capability, without backup rate feature, used with noninvasive interface, e.g., nasal or facial mask (intermittent assist device with continuous positive airway pressure device) (ie:BiPAP S).	E0601 E0471 E0472		<p>Requires results of sleep study performed in an Department-approved sleep center when prescribed for sleep apnea.</p> <p>Purchase required after maximum of 2 months mandatory rental. Client compliance and effectiveness must be documented prior to purchase. Purchase price is amount allowed after 2 months mandatory rental.</p> <p>Purchase limit: 1 unit per client, every 5 years.</p> <p>Use of RA modifier – the RA modifier allows for the replacement of a BiPAP at the end of the five (5) year limit when the machine is no longer functional and/or not cost effective to repair. This eliminates the two (2) month rental requirement for this situation.</p>

IPPB Machine and Accessories

Prior Authorization

What Is Prior Authorization?

Prior authorization (PA) is the Department's approval for certain medical services, equipment, or supplies, before the services are provided to clients, as a precondition for provider reimbursement. **Expedited prior authorization (EPA) and limitation extensions (LEs) are forms of prior authorization.**

Expedited Prior Authorization (EPA)

Expedited prior authorization does not apply to out-of-state care. Out-of-state care is not covered. Out-of-state hospital admissions are not covered unless they are emergency admissions.

What is the EPA process?

The Department's EPA process is designed to eliminate the need for written/fax authorization. The intent is to establish authorization criteria and identify these criteria with specific codes, enabling provider to create an "EPA" number when appropriate.

How is an EPA number created?

The first six digits of the EPA number must be **870000**. The last 3 digits must be the code number of the criteria set that indicates what procedure you are billing for and what information qualifies for use of the EPA criteria. Enter the EPA number on the billing form in the authorization number field, or in the *Authorization* or *Comments* field when billing electronically. With HIPAA implementation, multiple authorization (prior/expedited) numbers can be billed on a claim. If you are billing **multiple** EPA numbers, you must list the 9-digit EPA numbers in *field 19* of the claim form **exactly** as follows (*not all required fields are represented in the example*):

19. Line 1: 870000725/ Line 2: 870000726

If you are only billing one EPA number on a paper CMS-1500 Claim Form, please continue to list the 9-digit EPA number in field 23 of the claim form.

Example: When billing E0570 for a **Nebulizer** when the client is 2 years old and has been diagnosed with acute bronchiolitis, the expedited prior authorization number would be **870000900**. (**870000** = first six digits of all expedited prior authorization numbers, **xxx** = last three digits of an EPA number, indicating the equipment you are billing for and the clinical criteria met.

Note: When the client's situation does not meet published criteria, written/fax prior authorization is necessary.

Expedited Prior Authorization Guidelines

A. Diagnoses

Only information obtained from the hospital or outpatient chart may be used to meet conditions for EPA. Claims submitted without the appropriate diagnosis, procedure code or service as indicated by the last three digits of the EPA number will be denied.

B. Documentation. What documentation is required when using expedited prior authorization?

The billing provider must have documentation of how expedited criteria were met, and have this information in the client's file available to the Department on request.

Which services require EPA?

EPA is required for services noted in these billing instructions as needed after the description of the procedure code.

Limitation Extensions

What is a Limitation Extension?

A limitation extension (LE) is the Department's authorization for the provider to furnish more units of service than are allowed in Washington Administrative Code (WAC) and the Department /HRSA billing instructions. The provider must provide justification that the additional units of service are medically necessary.

Limitation Extensions do not override the client's eligibility or program limitations. Not all categories of eligibility can receive all services. **For Example:** Kidney dialysis is not covered under the Family Planning Only Program.

How do I get LE authorization?

Obtain an LE by using the written/fax authorization process below.

Written/Fax Authorization

What is written/fax authorization?

Written or fax authorization is the paper authorization process providers must use when requesting an LE.

How do I obtain written/fax authorization?

Send or fax your request to the Department Medical Request Coordinator (see Important Contacts).

Note: For your convenience, a sample form containing the required information is on the next page. You are not required to use this particular form.

How Do I Obtain the Oxygen and Respiratory Limitation Extension form, DSHS 15-298?

To **download** Department forms, visit: <http://www1.dshs.wa.gov/msa/forms/eforms.html>

Note: Please see the Department/HRSA *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for more information on requesting authorization.

Reimbursement

For clients on Medicare *and* Medicaid, the Department reimburses providers the coinsurance and deductible. See Durable Medical Equipment Regional Carrier (DMERC) Region D Supplier's Manual for Medicare policies.

Rentals [Refer to WAC 388-552-410 (1)]

- Submit claims for rentals only once a month.
- Rental rates are on a per-month basis, unless otherwise specified.
- Types of rental equipment:
 - ✓ Equipment that normally requires frequent maintenance (such as ventilators and concentrators) is reimbursed on a rental basis for as long as medically necessary; and
 - ✓ Equipment with lower maintenance requirements (such as suction pumps and humidifiers) is reimbursed on a rental basis for a specified rental period, after which the equipment is considered purchased and owned by the client.
- The monthly rental rate includes, **but is not limited to:**
 - ✓ A full service warranty covering the rental period;
 - ✓ Any adjustments, modifications, repairs or replacements required to keep the equipment in good working condition on a continuous basis throughout the total rental period;
 - ✓ All medically necessary accessories and disposable supplies, unless separately billable according to these billing instructions;
 - ✓ Instructions to the client and/or caregiver for safe and proper use of the equipment; and
 - ✓ Cost of pick-up and delivery to the client's residence or nursing facility and, when appropriate, to the room in which the equipment will be used.

In the event of a client's ineligibility, death, or discontinued use of equipment, rental fees must terminate on the last day of eligibility, life, or medically necessary usage. Reimbursement will be prorated in these cases.

Purchases [Refer to WAC 388-552-410 (2)]

- Purchased equipment becomes the property of the client.
- The Department reimburses for:
 - ✓ Equipment that is new at the time of purchase. This may be the same equipment that is provided during the initial two-month rental; and
 - ✓ Limit one per 6 months allowed for client owned equipment beginning one year from date of purchase.
- The Department does not reimburse for:
 - ✓ Defective equipment; or
 - ✓ The cost of materials (and associated labor) covered under the manufacturer's warranty.
- The reimbursement rate for client-owned equipment includes, **but is not limited to:**
 - ✓ A manufacturer's warranty for a minimum warranty period of one year for medical equipment, not including disposable/non-reusable supplies;
 - ✓ Instructions to the client and/or caregiver for safe and proper usage of the equipment; and
 - ✓ The cost of delivery to the client's residence or nursing facility and, when appropriate, to the room in which the equipment will be used.
- **The provider must make warranty information, including date of purchase and warranty period, available to the Department upon request.**

Owned Respiratory Therapy Equipment

[Refer to WAC 388-552-410 (2)]

If a 6 month maintenance check is allowed.

- The reimbursement for the 6 month maintenance check includes, **but is not limited to**, all of the following:
 - ✓ Maintaining all equipment in good working condition;
 - ✓ Making any adjustments according to manufacturer's specifications; and
 - ✓ Making any routine cleaning, servicing, and/or repairs as recommended by the manufacturer.

Oxygen System Components

- The monthly reimbursement for **stationary** oxygen systems includes all of the following:
 - ✓ Oxygen contents;
 - ✓ Tubing;
 - ✓ Regulator;
 - ✓ Flowmeter;
 - ✓ Humidifiers
 - ✓ Administration device (e.g., tracheostomy tube connector);
 - ✓ Hood and/or tent;
 - ✓ Cannula mask; and
 - ✓ Related supplies.
- The monthly reimbursement for **portable** oxygen systems includes all of the following:
 - ✓ Tubing;
 - ✓ Regulator;
 - ✓ Flowmeter;
 - ✓ Humidifiers;
 - ✓ Administration device (e.g., tracheostomy tube connector);
 - ✓ Hood and/or tent;
 - ✓ Cannula mask; and
 - ✓ Related supplies.

Billing Dates

Providers must bill with **all** dates of service in which the equipment/supplies were used.

EXAMPLE: When billing an oxygen system monthly fee for January 2007, dates should be 010107 to 013107.

Nursing Facilities [Refer to WAC 388-552-390]

- The Department reimburses for the chronic and continuous use of medically necessary oxygen and oxygen and respiratory equipment and supplies by eligible clients who reside in nursing facilities.
- Do not bill the Department or the client for the following services which are included in the nursing facility's per diem rate:
 - ✓ Oxygen and oxygen equipment and supplies used in emergency situations; and
 - ✓ Respiratory and ventilator therapy services.
- Nursing facilities with a "piped" oxygen system may submit a written request to the Department for permission to bill the Department for oxygen.

Send your requests to:

**Professional Reimbursement Section
Department of Social and Health Services
PO Box 45510
Olympia, WA 98504-5510**

- Reimbursement for supplies is included in the rental reimbursement for oxygen systems or ventilators, unless otherwise indicated.

Inhalation Drugs & Solutions [Refer to WAC 388-552-370]

Inhalation drugs and solutions are included in the Prescription Drug Program. These must be billed only by pharmacists using National Drug Codes (NDCs). You may download the current Department /HRSA Prescription Drug Program Billing Instructions at: <http://hrsa.dshs.wa.gov/download/BI.html>

Oximeters [Refer to WAC 388-552-380]

- The Department covers oximeters for clients when they are 17 years of age or younger, in the home, and have one of the following conditions:
 - ✓ **The child has chronic lung disease and is on supplemental oxygen.**
This child is at risk for desaturation with sleep, stress, or feeding and has a narrow margin for progression to respiratory failure. Weaning off oxygen can more efficiently be done with home oximetry.
 - ✓ **The child has a compromised or artificial airway.**
This is the child with congenital anomalies, neurodevelopmental compromise, and artificial airways such as nasal stents and tracheostomies. This child is at risk for major obstructive events or aspiration events.
 - ✓ **The child has chronic lung disease requiring ventilator or BiPAP support.**
Home oximetry is an essential monitoring device for such compromised children as well as for weaning off support, if possible. Children who use BiPAP support are at risk for atelectasis or pneumonia along with their risk for hypoventilation. Early detection of desaturation can provide time to intervene with other measures to avoid severe compromise.
- The provider must review oximetry needs and fluctuations in oxygen levels monthly and log results in the client's records.

Fee Schedule

You may view the Department/HRSA *Oxygen Program Fee Schedule* on-line at:

<http://hrsa.dshs.wa.gov/RBRVS/Index.html>

Billing and Claim Forms

What Are the General Billing Requirements?

Providers must follow the Department/HRSA *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html. These billing requirements include, but are not limited to:

- Time limits for submitting and resubmitting claims and adjustments;
- What fee to bill the Department for eligible clients;
- When providers may bill a client;
- How to bill for services provided to primary care case management (PCCM) clients;
- Billing for clients eligible for both Medicare and Medicaid;
- Third-party liability; and
- Record keeping requirements.

Completing the CMS-1500 Claim Form

Note: Refer to the Department/HRSA *ProviderOne Billing and Resource Guide* at: http://hrsa.dshs.wa.gov/download/ProviderOne_Billing_and_Resource_Guide.html for general instructions on completing the CMS-1500 Claim Form.

The following CMS-1500 Claim Form instructions relate to the Oxygen Program:

Field No.	Name	Entry												
24B.	Place of Service	<p>These are the only appropriate codes for this program:</p> <table><tr><th>Code Number</th><th>To Be Used For</th></tr><tr><td>12</td><td>Client's residence</td></tr><tr><td>14</td><td>Group Home</td></tr><tr><td>31</td><td>Skilled Nursing facility</td></tr><tr><td>32</td><td>Nursing facility</td></tr><tr><td>99</td><td>Other</td></tr></table>	Code Number	To Be Used For	12	Client's residence	14	Group Home	31	Skilled Nursing facility	32	Nursing facility	99	Other
Code Number	To Be Used For													
12	Client's residence
